Yes, your cats can all "get along"!

Bottled Blessings' **New Kitty** was made for group harmony among cats. Whether you've just introduced a new cat into your house, or are trying to make peace between old rivals, this formula can be your best friend! **New Kitty** has great synergy with **No Spray** and **Pet Stress Relief** to balance the emotional causes of spraying.

Introducing cats is not always an easy proposition...

Developing a multicat household is always a tricky thing. Most people adopt siblings. For your cat, a new cat is a huge deal! New rules must be laid down about who eats from what dish, and who uses what litter box. Furthermore- they need to find their happy place, and if that belongs to another cat- fur could fly! Last but not least- they need to know when and where they can get love from you. **New Kitty** was designed to reduce the causes of social friction, like territoriality and group position.

How do you give New Kitty?

It's as easy as using a dropper! Simply put the formula in your cat's water dish. If other cats (or dogs for that matter) drink, no problem. Only those with the imbalance will be affected by the formula. You can double the dose after 1-2 weeks if results haven't been satisfactory. Like all Bottled Blessings' formulas- there are no side effects regardless of dosage.

How to Use Our Formulas

Getting the Most from Bottled Blessings' Flower Essence Formulas

- Do not use in a metal bowl. This reduces the potency of the formula.
- Use the cleanest water available to you. Pollution reduces potency.
- Distilled or reverse osmosis water is recommended
- You can give in an oral syringe, but you only need 2-3 drops in 2CC's of water

FOUNTAINS:

- Remove Carbon Cartridge
- For 1 oz Formulas : Add (3) droppers Initially and 1 dropper every day after that.
- For 4oz Formulas: Add (1 1/2) droppers initially and 1/2 dropper every day after that.

The longer you use Flower Essences, the deeper the changes. If you do not see ANY changes in 1-2 weeks with the normal dosage it is safe to double the dose.

Additional Products

Bottled Blessings' other great formulas include:

- **Lonely Cat** – Turns a lonely cat into a contented cat.
- **Cat Groom** – Calms and soothes before grooming.
- **No Spray** – Stops feline spraying naturally.
- **Pet Travel** – Calms your pets when they travel.
- **Pet Stress Relief** – Reduces or eliminates stress-induced behavior.
- **Rescue Pet** – Soothes, comforts and heals neglected or abused animals.
- **No Bully** – Calms dominant or aggressive animals.

All Bottled Blessings formulas may be safely combined with one another. Bottled Blessings also makes formulas for Dogs, Birds & Horses.
